Criteria for Eligibility of Candidates

Members of the NHS Hall of Fame committee nominate individuals and teams whose athletic accomplishments and contributions have been of the highest caliber and have brought credit to the school.

Former student-athletes are eligible for nomination beginning the fifth year after graduation, and coaches are eligible beginning two years after retirement from coaching. Nominated athletes must have earned at least one varsity letter in at least one sport at Nottingham, and coaches must have dedicated at least five years of coaching service at the school.

Teams are eligible five years after completion of their extraordinarily successful seasons.

Special Contributors will be admitted to the Hall of Fame based on their contribution, dedication and support or improvement to the athletic programs and environment at Nottingham.

The committee is seeking input from the community in nominating the teams or individuals that will be considered for Hall of Fame honors.

In making nominations, submitters are encouraged to provide details and documentation about nominees to assist the committee in its selection process.

Note: Nomination Forms will be kept on file for a period of 5 years from date of submission.
